Testimonials

“Loved creating my new business identity and website with Kristina of Kreative Solutions. She is a joy to work with because she: listens, creates, understands, recommends, keeps her promises, meets her deadlines, keeps me focused, keeps me on track, and has all the skills to make things happen. The end result speaks for itself. The best recommendation I can give is that I will be continuing to work with Kristina as my business continues to develop and grow.”

- Robert Sivek, Realtor, Lake Home Info

“Kristina Koslosky of Kreative Solutions, was recommended to me by a friend. I needed to rebuild and update my website. I have no experience with this process, and find it rather intimidating. Kristina soon put me at ease. She is amazing, and so easy to work with. She definitely listened to what I wanted, added her own touch, and I’m absolutely delighted with what she has produced.”

- Donna Tronca, Artist
